

Ian Payne, a U3A Frankston Member, recently gave a very interesting & informative presentation on Aged Care to his class. It was received so well by his class, that he was strongly encouraged to share it with ALL members.

Click on the [LINKS](#) below to open the items. Please start with the top item, Ian's Presentation.

It is worth repeating here Ian's comments at the start of his Presentation.

*"Please note that I have no connection Financially, Professionally or Socially with J Palmer and Sons, Rodney Horin MD or any of their team. I use them purely as an EXAMPLE of Aged Care Advisors who gave me what I call, personally, good advice and service in my own "Hour of Need". As befits good practice, always seek professional advice from as many different sources as possible".*
