

Dear all

I am slightly ahead of the June Jumblings which will go out after 1st June but I thought I should mention the announcements made by our Premier this morning. It is so refreshing to report on good news. It seems that there is light at the end of the tunnel, and we are approaching it. Further details will emerge over the coming days and we will keep you informed.

Your committee will of course consider the ramifications of these changes and will be guided by the instructions to be received from Frankston City Council regarding Karingal Place.

The next few weeks will be a little nerve wracking until we can judge whether clusters emerge as the cold weather sets in. However, to date, Victorians have been superb and long may it continue.

To those in my class next Monday, I am all set to continue on Zoom so if you have mislaid the code number, just email me. It is confirmed for 11am till 12 on 1st June.

For those of you in other classes, please keep in touch with your tutors and stay connected.

To the rest of you in the wonderful U3A Frankston family, I say hang in there, stay positive and stay safe and SEE YOU ALL SOON.

Best wishes

Andrea McCall
President
